

<sup>2</sup> will be "2" (manually numbered), <sup>2</sup> is mentioned more than once. <sup>2</sup> actually three times <sup>3</sup> will be "3" (anonymous auto-numbered), and <sup>1</sup> will be "1" (labeled auto-numbered). Here is a symbolic footnote reference: <sup>\*</sup>. Here is a symbolic footnote reference: <sup>†</sup>. Here is a symbolic footnote reference: <sup>‡</sup>. Here is a symbolic footnote reference: <sup>§</sup>. Here is a citation reference: CIT2002.

---

|            |  |
|------------|--|
| *          | This is the footnote.  |
| †          | This is the footnote.  |
| ‡          | This is the footnote.  |
| §          | This is the footnote.  |
| CIT2002    | This is the citation. It's just like a footnote, except the label is textual.  |
| 2(1, 2, 3) | This footnote is labeled manually, so its number is fixed.   |
| 1          | This autonumber-labeled footnote will be labeled "1". It is the first auto-numbered footnote and no other footnote with label "1" exists. The order of the footnotes is used to determine numbering, not the order of the footnote references. |
| 3          | This footnote will be labeled "3". It is the second auto-numbered footnote, but footnote label "2" is already used.  |
