

<sup>2</sup> will be "2" (manually numbered), <sup>2</sup> is mentioned more than once. <sup>2</sup> actually three times <sup>3</sup> will be "3" (anonymous auto-numbered), and <sup>1</sup> will be "1" (labeled auto-numbered). Here is a symbolic footnote reference: <sup>\*</sup>. Here is a symbolic footnote reference: <sup>†</sup>. Here is a symbolic footnote reference: <sup>‡</sup>. Here is a symbolic footnote reference: <sup>§</sup>.

Here is a citation reference: [CIT2002].

---

<sup>*</sup>	This is the footnote.
<sup>†</sup>	This is the footnote.
<sup>‡</sup>	This is the footnote.
<sup>§</sup>	This is the footnote.
CIT2002	This is the citation. It's just like a footnote, except the label is textual.
2(1, 2, 3)	This footnote is labeled manually, so its number is fixed.
<sup>1</sup>	This autonumber-labeled footnote will be labeled "1". It is the first auto-numbered footnote and no other footnote with label "1" exists. The order of the footnotes is used to determine numbering, not the order of the footnote references.
<sup>3</sup>	This footnote will be labeled "3". It is the second auto-numbered footnote, but footnote label "2" is already used.
